Profit / (Loss) for the year	(23,696.51)		83.02	

Review of Operations

During the year under review, The turnover of the company has reduced to ₹ 4,593 lakhs from ₹ 17630 lakhs in the corresponding previous financial year and incurred a loss of ₹ 236.96 lakhs as against profit of ₹ 83.02 lakhs which is, mainly due to working capital shortage and liquidity issue and also due to severe power shortage and suspension of activity in Tamilnadu. M/s. Indian Overseas Bank as lead bankers for Term Loan lender has initiated SARFAESI proceedings against the Company for secured debt repayment.

The reason for losses were mainly due to increase in finance costs since there were increased rate of interest and other borrowing costs.

The deteriorating working capital situation, resultant delayed delivery at higher cost and consequential orders cancellation. The past few years, inventory accumulated because of

exports that reduced critically. There was volatility in cotton price and due to general sluggishness of the economy in the Country as well as in the World over, there was no pick up in demand. Consequently, much progress could not take place in the performance of the company. However, the prospects for textile industry looks promising provided a favourable condition prevails in the Country due to Governments initiatives.

Status of manufacturing:

The units i.e. weaving /processing / madeups units are running on very low capacity mainly on job works and marginal exports which has been further aggravated due to frequent power cuts / load shedding, which forced the company to use alternative mode. The increase in the finance cost to Term Loan and Working Capital facilities availed from the Banks is also making hardship to the company.

REPORT ON MANAGEMENT DISCUSSION & ANALYSIS

Industry Structure and Developments

Textile Industry

During the year 2013, the country textile and garment industry may witness an increase of 15-20 per cent in exports. Garment exports from India grew by 19 per cent in the period July 2012 - July 2013 to touch US \$1.27 billion, on the back of increasing demand in developed economies such as the US, according to data released by the Apparel Export Promotion Council (AEPC).

Factory compliant manufacturing in India has surged with new and unprecedented export orders in the current season because world-renowned chain stores and international brands have preferred expanding their sourcing of the merchandise from India. Also as the Government has assured full support and is planning to implement some new measures to boost exports, Industry is expecting 15-20 per cent growth in exports this year .

Some of the measures announced by The Government of India are :

To set up a ₹ 100 crore venture capital fund to provide equity support to start-ups in the textile sector, in order to encourage innovative ideas.

To allow 100 per cent FDI in the sector through the automatic route.

To make textile processing units more environment-friendly and globally competitive, the Cabinet Committee on Economic Affairs (CCEA) has approved an Integrated Processing Development Scheme (IPDS) with an investment of ₹ 500 crore.

Under the Technology Up gradation Fund Scheme (TUFS), the textile industry of India will receive subsidy on the capital expenditure done on Hi-tech approved machinery.

Government Resolution on Revised Restructured TUFS has been issued for operation of scheme in the 12th Five Year Plan (2012-17).

Hence, the future for industry looks promising, in both strong domestic consumption as well as export demand. With consumerism and disposable income on the rise, the retail sector has experienced a rapid growth in the past decade with the entry of several international players into the Indian market.

India's growing population has been a key driver of textile consumption growth in the country. Changing lifestyle, rising incomes and increasing demand for quality products are set to fuel demand for apparel.

Under the above circumstances, the organised apparel segment is expected to grow at a compound annual growth rate (CAGR) of more than 13 per cent over a 10-year period.

Opportunities

The Company is equipped with efficient quality control department with latest quality control and testing equipments, most of which are imported from Switzerland and efficient & trained personnel. This helps the company to ensure internationally recognized high quality products.

- The company expands its export horizon by exploring the markets of developing countries for enlarging its customer base.
- The Company takes necessary measures for brand building of its products in the domestic market as well as international market.
- The company is actively engaging in promotional activities including attending textile fairs in India and abroad to ensure orders and enquiries from International customers and also doing sales campaigns in domestic market so as to establish identity and recognition for its products.

VTX INDUSTRIES LIMITED

(Formerly Vijayeswari Textiles Limited)

Threats and Challenges to the Industry

The textile companies are facing liquidity concerns due to delays in bank line enhancements and highly working capital intensive operations. Considering weak credit quality and rising proportion of the textile sector in non-performing assets, banks are cautious and stricter in lending norms to this sector. Credit profiles of companies going for large debt-funded Capex will remain subdued in 2013 given the input price risks and high borrowing costs.

The textile industry is presently facing challenges like slow demand and a loss in margins, but a recovery is expected on account of falling cotton prices, though this could be negated by further volatility in input costs or forex movements. The margin pressure would persist for the textile industry which is driven by rising power & wage costs and higher interest rates.

The union budget for 2013-14 has announced positive packages for accelerating the recovery of the textile industry and there has been sign of recovery in the industry for past few months and some of the positive features of the budget would help this process further. In order to address the slowdowns in the textile industry, the government proposed a debt restructuring package for textile industry. Despite the reigning challenges, the textile industry which otherwise was seen seeking to overcome the depressing blues of reduced demand in overseas market, is witnessing an incipient turn around in the financial year 2014-15.

Threats to the Company

Due to increase in competition globally as well as domestically, there arises need to follow the austere measures in the operational side and the shift of focus would be more on striving for continuous improvement in quality aspects of the products, which would help the company to strengthen its competitiveness in the global arena particularly against the big players in the market. It is identified that the company's large dependence on customers in US and EU region has caused hardship and the company is slowly shifting its focus to new regions like Brazil, South Africa, Argentina, Australia etc. so as to enlarge its customer base.

Setback to the Textile business due to factors such as deep recession in the principal markets of the Company(in the US & Europe), depressed economies around the world, increase in prices of raw materials, in labour costs, and the insurmountable problems due to electricity cuts in Tamilnadu, a mismatch between input and output prices, increase in air freight cost, high interest costs, failure of the lenders to bridge the working capital gap further compounded the situation of the Company affecting maximum utilization of capacity and thereby adversely affecting the productivity of Company. These conditions, which are beyond the Company's control, caused severe liquidity crunch and thus the Company could not meet with its obligation of timely repayment of dues to the lenders.

Segment- wise and Product – wise performance

The entire operations of the Company relate to only one segment viz Textiles therefore, segment/product-wise details are not applicable.

Outlook

With the optimum utilization of very modern machinery and the measures taken by the company to overcome Power crisis, it is expected that the Company would be able to improve efficiency. The company has been taking steps to increase the export sales as well as up-country sales for improving the sales turnover and focusing on the increase on value added products.

VTX INDUSTRIES LIMITED

(Formerly Vijayeswari Textiles Limited)

Risks and Concerns

The continued policy of Government controlling free exports and volatile economic environment have a bearing on the overall performance of the company.

Internal Control System and adequacy

The Company has put in place effective control systems in respect of all its operations and such systems are continuously reviewed and upgraded.

AUDITOR'S CERTIFICATE ON COMPLIANCE OF CONDITIONS OF CORPORATE GOVERNANCE AS PER CLAUSE 49 OF THE LISTING AGREEMENT WITH STOCK EXCHANGES

To

The Members of VTX Industries Limited,
Puliampatti (Via), Pollachi,
Coimbatore District.

We have examined the compliance of conditions of Corporate Governance by VTX INDUSTRIES LIMITED for the year ended on 31.03.2014 as stipulated in clause 49 of the Listing Agreement of the said company with Stock Exchanges.

The compliance of conditions of corporate governance is the responsibility of the management. Our examination has been limited to a review of the procedures and implementation thereof adopted by the company for ensuring compliance with the conditions of the Corporate Governance as stipulated in the said

clause. It is neither an audit nor an expression of opinion on the financial statements of the company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the company has complied with the conditions of Corporate Governance as stipulated in the above mentioned Listing Agreement.

We further state that such compliance is neither an assurance as to the future viability of the company nor the efficiency or effectiveness with which the management has conducted the affairs of the company.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF VTX INDUSTRIES LIMITED,

Report on Financial Statements

We have audited the accompanying financial statements of VTX Industries Limited ("The Company"), which comprise the Balance Sheet as at March 31, 2014, and the Statement of Profit and Loss and Cash Flow Statement for the year ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956 ("the Act") read with the General Circular 15/2013 dated 13th September 2013 of the Ministry of Corporate Affairs in respect of section 133 of the Companies Act, 2013. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks

of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2014;
- b) in the case of the Statement of Profit and Loss, of the losses for the year ended on that date; and
- c) in the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

Emphasis of Matter:

We draw attention to Note No.40 of the statement which indicates that the company has incurred a net loss of Rs.23696.51 Lacs during the year ended March 31, 2014 and as of that date, the Company's total liabilities exceeds

VTX INDUSTRIES LIMITED

(Formerly Vijayeswari Textiles Limited)

its total assets by Rs.14417.02 Lacs. These conditions along with other matters set forth in Note No.43, indicates the existence of the material uncertainty regarding the Company's ability to continue as a going concern. Attention is also drawn to the fact explained by the management that necessary efforts are being taken for revival of the unit. We have not qualified our opinion in respect of this matter.

We draw attention to Note No.41 of the statement that balances under Trade Receivables, Other Current and Non Current Assets, Loans & Advances, Trade Payables, Other Current Liabilities and Long term and short term borrowings from Banks and financial institutions are subject to confirmation and reconciliation if any. We have not qualified our opinion in respect of this matter.

We draw attention to Note No.42 to the financial statements regarding adoption of depreciation rates applicable to continuous process plant in respect of plant and machinery of spinning and processing units and wind mills which is a technical matter. Due to this policy adopted by the company, the depreciation for the year is lowered by Rs.287.21 Lacs (PY Rs.488.01 Lacs) with consequential effect on the loss for the year and also on reserves and surplus. We have not qualified our opinion in respect of this matter.

1. As required by the Companies (Auditor's Report) Order, 2003 ("the Order") issued by the Central Government of India in terms of sub-section (4A) of section 227 of the Act, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.

Report on other Legal and Regulatory Requirements:

2. As required by section 227(3) of the Act, we report that:

- a) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
- b) In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books.
- c) The Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement comply with the Accounting Standards referred to in subsection (3C) of section 211 of the Companies Act, 1956 read with the General Circular 15/2013 dated 13th September 2013 of the Ministry of Corporate Affairs in respect of section 133 of the Companies Act, 2013;
- e) On the basis of written representations received from the directors as on March 31, 2014, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2014, from being appointed as a director in terms of clause (g) of sub-section (1) of section 274 of the Companies Act, 1956.
- f) Since the Central Government has not issued any notification as to the rate at which the cess is to be paid under section 441A of the Companies Act, 1956 nor has it issued any Rules under the said section, prescribing the manner in which such cess is to be paid, no cess is due and payable by the Company.

ANNEXURE TO THE AUDITORS' REPORT

The Annexure referred to in paragraph 1 of our report of even date to the members of VTX Industries Limited of the accounts of the company for the year ended 31st March, 2014:

1. In respect of its fixed assets
 - (a) The company is in the process of updating its fixed asset register.
 - (b) The fixed assets have been physically verified by the management in accordance with a phased programme of verification, which in our opinion is reasonable, considering the size and nature of business. The frequency of verification is reasonable and discrepancies noticed on such physical verification were not material and have been properly dealt with in books of account.
 - (c) In our opinion, the company has not disposed off a substantial part of its fixed assets during the year and the going concern status of the company is not affected.
2. In respect of its inventories
 - (a) According to information and explanation furnished to us, the inventories have been physically verified by the management at reasonable intervals.
 - (b) In our opinion and according to the information and explanations given to us, the procedures of physical verification of inventories followed by the management are reasonable and adequate in relation to the size of the company and the nature of its business.
 - (c) The company has maintained proper records of inventories, and no material discrepancies were noticed on such physical verification of inventories and other discrepancies noticed have been appropriately dealt with.
3. (a) According to the information and explanations given to us and on the basis of our examination of the books of account, the Company has neither taken nor granted any loans, secured or unsecured, to or from parties covered in the register maintained under Section 301 of the Companies Act, 1956. Consequently, the provisions of clauses iii (a) to iii (g) are not applicable.
4. In our opinion and according to the information and explanations given to us, there is an adequate internal control procedure commensurate with the size of the company and the nature of its business, for the purchase of inventories, fixed assets and for the sale of goods and services. During the course of our audit, we have not observed any continuing failure to correct any major weaknesses in the internal control system.
5. a) Based on the audit procedures applied by us and according to the information and explanations provided by the management, the particulars of contracts or arrangements referred to in section 301 of the Act have been entered in the register required to be maintained under that section.
b) According to the information and explanation furnished to us these transactions have been made at prices which are reasonable having regard to the prevailing market prices at the relevant time.
6. The Company has accepted deposits from the public within the meaning of Section 58A of the Companies Act, 1956. SIGNIFICANT ACCOUNTING POLICIES

I. BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The financial statements are prepared as of a going concern on historical cost convention and on accrual method of accounting in accordance with the generally accepted accounting principles, and the provisions of the Companies Act, 1956 as adopted consistently the Company.

II. USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted principles requires estimates and assumptions to be made which would affect the assets, liabilities, revenues and expenses during the reporting period. Such estimates are revised ongoing basis as a result of new information, or subsequent development. Differences between the actual results and estimates are recognized in the period in which the results are known /materialized.

III. FIXED ASSETS

A. Tangible Assets:

Fixed assets are stated at original cost net of Tax/duty credits availed, if any, less accumulated depreciation, accumulated amortization and cumulative impairment. Cost includes preoperative expenses (net of income accrued) and all expenses related to acquisition and installation of the concerned assets and those incurred upto the date of commercial production.

B. Intangible Assets:

Expenditure incurred in respect of acquisition and development of designs, patents and other intangibles up to the date of commercialization are recognized as intangible assets if it is identifiable, capable of being controlled and from which future economic benefits are expected to flow to the

enterprise. Intangible assets are stated at cost net of tax/duty credits availed, if any, less accumulated amortization and cumulative impairment.

IV. IMPAIRMENT OF ASSETS

As at each Balance sheet date, the carrying amount of assets is tested for impairment so as to determine

- (i) The extent of recognition of impairment loss, if any, required or
- (ii) The reversal, if any, required of impairment loss recognized in previous periods.

Where the carrying amount of an asset exceeds its recoverable amount; such excess is recognized as impairment loss and charged to the statement of profit and loss.

V. BORROWING COSTS

- (i) Borrowing costs that are attributable to the manufacture, acquisition or construction of qualifying assets, are included as part of the cost of such assets. Other borrowing costs are recognized as expense in the period in they are incurred.
- (ii) A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use or sale.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

- 40) The companies operating results continue to be materially affected by various factors like working capital liquidity, non delivery of goods on time, cancellation of order, SARFAESI proceedings initiated by Banks etc., The company has incurred net loss of ₹ 23696.51 lacs during the year ended 31st March 2014, and as of that date, the company's total liabilities exceeded its total assets by ₹ 14417.02 lacs. The company is implementing various measures to improve the company's operating results and cash flows. In addition, the company continues to explore various options to raise capital in order to meet its short term and long term obligations. The company is currently carrying out job work activities to utilize the capacity available. The company is also in the process of identifying potential investors to overcome the present financial situation. The company is also making necessary effort to recover the amount due to it. In view of the foregoing, the company's financial statements have been prepared on a going concern basis whereby the realization of assets and discharge of liabilities are expected to occur in the normal course of business.
- 41) Balances in Trade Receivables, Other Current and Non Current Assets, Loans & Advances, Trade Payables, Other Current Liabilities and Long term and short term borrowings from Banks and financial institutions are subject to confirmation and reconciliation. In the opinion of the Management all assets and liabilities disclosed in the balance sheet would realize atleast to the extent stated therein.
- 42) Based on technical opinion the company classifies the plant and machinery of spinning and processing divisions and wind mills as continuous process plant and accordingly depreciation on these items is charged at rates applicable to continuous process plant under Schedule XIV to the Companies Act, 1956. Due to this technical opinion adopted, depreciation for the year is lower by ₹ 287.21 Lacs (Previous Year ₹ 488.01 Lacs) with consequential effect on the loss for the year.
- 43) During the past few years, due to working capital constrains, the company could not deliver the goods on time. Consequently major export customers of the company cancelled their orders. This resulted in stagnation of stock over the years which were in various stages like Work In Progress, Finished goods. The company could sell part of these goods locally at a very low margin/loss. Further, due to non availability of working capital facilities, the company could not convert the semi finished goods further. Consequently the stock lying at the year end has been valued at the net realizable value which has been disclosed as an extra-ordinary item.
- 44) Impairment Loss recognised in the Statement of Profit and Loss – NIL (PY- NIL).
- 45) Figures have been rounded off to the nearest Lacs.
- 46) The company has reclassified previous year figures to conform to this year's classification.
- 47) The Ministry of Corporate Affairs, Government of India, vide circular No.2 and 3 dated 08.02.2011 and 21.02.2011 respectively has granted a general exemption from compliance with Sec 212 of the Companies Act, 1956, subject to fulfilment of confitions specified in the general circular. The Company has satisfied the conditions stipulated in the circular and hence is entitled to the exemption. Necessary information relating to the subsidiaries has been included in the Consolidated Financial Statements.

INDEPENDENT AUDITOR'S REPORT ON THE CONSOLIDATED FINANCIAL STATEMENTS

To
The Board of Directors,
VTX Industries Ltd, Coimbatore.

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of VTX Industries Limited ("The Company") and its subsidiaries and associates (collectively referred to as "the group") which comprise the Consolidated Balance Sheet as at March 31, 2014, the consolidated Statement of Profit and Loss and the Consolidated Cash Flow Statement for the year ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the Accounting Principles generally accepted in India including Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956 ("the Act") read with the General Circular 15/2013 dated 13th September 2013 of the Ministry of Corporate Affairs in respect of section 133 of the Companies Act, 2013. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Group's preparation and presentation of the consolidated financial statements that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, and based on

the consideration of the financials of subsidiaries and associates certified by the management as noted below, the consolidated financial statements give the true and fair view in conformity with the accounting principles generally accepted in India:

- in the case of the Consolidated Balance Sheet, of the state of affairs of the Group as at March 31, 2014;
- in the case of the Consolidated statement of Profit and Loss, of the losses of the Group for the year ended on that date; and
- In the case of the Consolidated Cash Flow Statement, of the cash flows of the Group for the year ended on that date.

Emphasis of Matters:

We draw attention to Note No.36 of the statement which indicates that the Group has incurred a net loss of ₹ 20873.54 Lacs during the year ended March 31, 2014 and as of that date, the Group's total liabilities exceeds its total assets by ₹ 14222.38 Lacs. These conditions along with other matters set forth in Note No.39, indicates the existence of the material uncertainty regarding the Group's ability to continue as a going concern. Attention is also drawn to the fact explained by the management that necessary efforts are being taken for revival of the unit. We have not qualified our opinion in respect of this matter.

We draw attention to Note No.37 of the statement that balances under Trade Receivables, Other Current and Non Current Assets, Loans & Advances, Trade Payables, Other Current Liabilities and Long term and short term borrowings from Banks and financial institutions are subject to confirmation and reconciliation if any. We have not qualified our opinion in respect of this matter.

We draw attention to Note No.38 to the financial statements regarding adoption of depreciation rates applicable to continuous process plant in respect of plant and machinery of spinning and processing units and wind mills which is a technical matter. Due to this policy adopted by the company, the depreciation for the year is lowered by ₹ 287.21 Lacs (PY ₹ 488.01 Lacs) with consequential effect on the loss for the year and also on reserves and surplus. We have not qualified our opinion in respect of this matter.

Other Matter:

We did not audit the financial statements of the subsidiaries, whose financial statements reflect total assets of ₹ 2180.72 Lacs as at 31st March 2014 and total net loss of ₹ 812.92 Lacs for the year then ended and the financial statements of the associates in which share of loss of the group is ₹ 0.04 Lacs. These financial statements and other financial information are not audited and certified by the management, and our opinion is based solely on it. Our opinion is not qualified in respect of this matter.

available. The Group is also in the process of identifying potential investors to overcome the present financial situation. The Group is also making necessary effort to recover the amount due to it. In view of the foregoing, the Group's financial statements have been prepared on a going concern basis whereby the realization of assets and discharge of liabilities are expected to occur in the normal course of business.

- 37) Balances in Trade Receivables, Other Current and Non Current Assets, Loans & Advances, Trade Payables, Other Current Liabilities and Long term and short term borrowings from Banks and financial institutions are subject to confirmation and reconciliation. In the opinion of the Management all assets and liabilities disclosed in the balance sheet would realize atleast to the extent stated therein.
- 38) Based on technical opinion the group classifies the plant and machinery of spinning and processing divisions and wind mills as continuous process plant and accordingly depreciation on these items is charged at rates applicable to continuous process plant under Schedule XIV to the Companies Act,1956. Due to this technical opinion adopted, depreciation for the year is lower by ₹ 287.21 Lacs (Previous Year ₹ 488.01 Lacs) with consequential effect on the loss for the year.
- 39) During the past few years, due to working capital constraints, the Group could not deliver the goods on time. Consequently major export customers of the Group cancelled their orders. This resulted in stagnation of stock over the years which were in various stages like Work In Progress, Finished goods. The Group could sell part of these goods locally at a very low margin/loss. Further, due to non availability of working capital facilities, the Group could not convert the semi finished goods further. Consequently the stock lying at the year end has been valued at the net realizable value which has been disclosed as an extra-ordinary item.
- 40) Impairment Loss recognised in the Statement of Profit and Loss – NIL (PY- NIL).
- 41) The Group has reclassified previous year figures to conform to this year's classification.
- 42) Figures have been rounded off to the nearest Lacs.
